Thank you so much!
We updated the acknowledgments accordingly.
Is it okay to submit this email as an evidence of approval from CARDIA (when I finally submit the paper for TOPMed review)?

Hi Tamar:
I have read the manuscript last week and do not have major comments.
Attached is a revised acknowledgment section. I will send minor editorial comments in the next few days.
Congratulation on this excellent work.
Best wishes,
Myriam

Dear Myriam and Donald,

I'm attaching a penultimate draft of the hypertension PRS paper for CARDIA approval. Note the special use of CARDIA dataset in stage 3 of the analysis.

I would appreciate a speedy review — we can't wait to submit this paper, aiming for circulation.

Thank you!
Tamar
