Hi Wessel,

As study PI's for SAFS, both Dr. John Blangero and myself approve of this manuscript.

As study co-authors, our affiliation is correct, but there needs to be a small edit in the acknowledgments: NIH grant R01 HL045522 (the first one listed) should be P01, not R01 as it was a program project.

Will read through and send any comments next week.

Best,
Joanne

Hello co-authors! We are sending you the penultimate manuscript "*Rare Non-coding Variation Identified by Large Scale Whole Genome Sequencing Reveals Unexplained Heritability of Type 2 Diabetes: Trans-Omics for Precision Medicine (TOPMed) Program*" from the TOPMed T2D Working Group.

To meet fiscal grant deadlines we are requesting your **quick** responses:

1. **Co-authors:** respond to me that you approve manuscript in **next 24-48 hours**
 - a. Please check your affiliations and acknowledgments
2. **Study/PI of study:** submit to P&P committees or respond to me that as Study PI you approve manuscript immediately so we can document where it is in the approval pipeline (we have to document this for submission to TOPMed P&P before we receive approval to submit to journal)
3. **Comments on manuscript:** send comments in **next 7-10 days**
