Dear Alisa and Charles,

Thank you for submitting Ms3131, (Whole genome sequence analysis in diverse cohorts for fasting glucose and fasting insulin levels from the NHLBI TOPMed Program). I have sent it out to P&P reviewers with a request for an expedited review. I will be in touch with feedback shortly.

Best,

Lindsey

Lindsey,

This is WHI 3131. An expedited review would be appreciated.

Charles

Alissa,

Have you submitted to P&P yourself? [p&p@whi.org](mailto:p&p@whi.org).

Please do that and ask for expedited review there. I will endorse but otherwise have no influence.

Charles

Dear Charles and Alex –

I am writing to request expedited review of our manuscript by the WHI cohort, as we have a funding requirement that we meet a November 30<sup>th</sup> deadline for manuscript submission.

Please let us know if you have any questions or concerns, or if you anticipate a delay in the cohort approval process.

Many thanks,

Alisa

Hello co-authors!

We are sending you the penultimate manuscript “*Whole genome sequence analysis for fasting glucose and fasting insulin levels in diverse cohorts from the NHLBI TOPMed Program*” from the TOPMed T2D Working Group. We plan to submit this to the American Journal of Human Genetics as a (short format) Report.

To meet a fiscal grant deadline of **November 30<sup>th</sup>** we are requesting your **quick** responses:

1. **Co-authors:** respond to us that you approve the manuscript in **by Wednesday, November 11<sup>th</sup>**.
  - a. Please check your affiliations and acknowledgments
2. **Study/PI of study:** submit to P&P committees or respond to us that as Study PI you approve manuscript immediately so we can document where it is in the approval pipeline (we have to document this for submission to TOPMed P&P before we receive approval to submit to journal)
3. **Comments on manuscript:** send comments **by Monday, November 16<sup>th</sup>** (Earlier if possible, please)
